Note: Adjustments to this regular schedule could be made periodically and announced in advance in class and/or through the class website/email.

Attendance Policy, Class Expectations, and Make-Up Policy

Attendance of seminars is required. Excused absences must follow university policies in the Graduate Catalog and require appropriate documentation.

Requirements for class attendance and make-up exams, assignments, and other work in this course are consistent with university policies. Click here to read the university attendance policies:

<https://catalog.ufl.edu/UGRD/academic-regulations/attendance-policies/>

Allowable/available make-up seminars will be detailed throughout the semester. Up to 1 (one) make-up seminar from

MSE is allowed, and up to 1 (one) other makeup seminar must be from other departments to replace missed seminars, but they must be science and engineering-related. Students must obtain approval (through email, canvas communication, or in-person) for the make-up seminar topic from Dr. Wall before the make-up seminar.

Students are expected to behave professionally during the seminar. *No talking, reading, laptop /tablet /notebook /smartphone activity, etc., is allowed.* Students should pay attention to the speaker, actively engage, facilitate and enhance the learning atmosphere, and always be courteous. Students who behave poorly will be asked to leave and will not receive attendance credit that day.

Evaluation of Grades

Students must attend 80% of those scheduled (using traditional rounding rules) for satisfactory completion. Satisfactory completion of this course will earn a grade of “A,” and unsatisfactory will earn a grade of “E.”

The course is pending conversion to S/U: if converted/approved for the existing semester, the same grading above applies but with “A” replaced by “S” and “E” replaced by “U”.

More information on UF grading policy may be found at: <https://catalog.ufl.edu/UGRD/academic-regulations/grades-grading-policies/>

Students Requiring Accommodations

Students with disabilities who experience learning barriers and would like to request academic accommodations should connect with the disability Resource Center by visiting <https://disability.ufl.edu/students/get-started/>. It is important for students to share their accommodation letter with their instructor and discuss their access needs, as early as possible in the semester.

Course Evaluation

Students are expected to provide professional and respectful feedback on the quality of instruction in this course by completing course evaluations online via GatorEvals. Guidance on how to give feedback in a professional and respectful manner is available at <https://gatorevals.ua.ufl.edu/students/>. Students will be notified when the evaluation period opens and can complete evaluations through the email they receive from GatorEvals, in their Canvas course menu under GatorEvals, or via <https://ufl.bluer.com/ufl/>. Summaries of course evaluation results are available to students at <https://gatorevals.ua.ufl.edu/public-results/>.

In-Class Recording

Students are allowed to record video or audio of class lectures. However, the purposes for which these recordings may be used are strictly controlled. The only allowable purposes are (1) for personal educational use, (2) in connection with a complaint to the university, or (3) as evidence in, or in preparation for, a criminal or civil proceeding. All other purposes are prohibited. Specifically, students may not publish recorded lectures without the written consent of the instructor.

A “class lecture” is an educational presentation intended to inform or teach enrolled students about a particular subject, including any instructor-led discussions that form part of the presentation and delivered by any instructor hired or appointed by the University or by a guest instructor as part of a University of Florida course. A class lecture does not include lab sessions, student presentations, clinical presentations such as patient history, academic exercises involving solely student participation, assessments (quizzes, tests, exams), field trips, private conversations between students in the class or between a student and the faculty or lecturer during a class session.

Publication without permission of the instructor is prohibited. To “publish” means to share, transmit, circulate, distribute, or provide access to a recording, regardless of format or medium, to another person (or persons), including but not limited to another student within the same class section. Additionally, a recording, or transcript of a recording, is considered published if it is posted on or uploaded to, in whole or in part, any media platform, including but not limited to social media, book, magazine, newspaper, leaflet, or third party note/tutoring services. A student who publishes a recording without written consent may be subject to a civil cause of action instituted by a person injured by the publication and/or discipline under UF Regulation 4.040 Student Honor Code and Student Conduct Code.

University Honesty Policy

UF students are bound by The Honor Pledge, which states, “We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code. On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: “On my honor, I have neither given nor received unauthorized aid in doing this assignment.” The Conduct Code (<https://sccr.dso.ufl.edu/process/student-conduct-code/>) specifies a number of behaviors that are in violation of this code and possible sanctions. If you have any questions or concerns, please consult with the instructor or TAs in this class.
